

BOLSTER JACKET

MARKET RELEASE DATE:

JULY 2017

ADMIRAL BLUE

INTEGRATION SYSTEM

WATER, OIL +
STAIN REPELLENT

Warm jackets are often heavy jackets, but the BLACKHAWK!® Bolster Jacket shatters that stereotype. The key is quilted design lines that hold advanced lightweight insulation, which significantly improves body heat retention with minimal added bulk. The exterior is treated with Teflon® Shield+ that repels oil and stains. The Bolster Jacket features a total of six pockets to store a variety of gear. The Bolster can zip in to be utilized as the inner liner to the BLACKHAWK!® Fortify Jacket, connecting via grosgrain loops at the sleeve openings and neck to keep the jacket in place.

- **LIGHT, YET WARM-** Quilted design allows for superior warmth without making jacket heavier.
- **YKK® ZIPPERS-** Industry-leading YKK® Zippers are the made to the highest standards.
- **INTEGRATION SYSTEM-** Combines with Fortify Jacket for waterproof protection.
