### HOLSTERS

#### **EPOCH™ Level 3 Light Bearing Holsters – Size 45**

BLACKHAWK!<sup>®</sup> now offers the revolutionary EPOCH Level 3 Light Bearing holsters for the popular Smith & Wesson M&P 45 4.5-inch barrel pistol. Available in both duty and tactical configurations, the EPOCH Level 3 Light Bearing holsters feature a patent-pending EPOCH retention system that engages the pistol's ejection port when holstered and won't let go until you release it. As an added safety measure, the Pivot Guard opens by thumb activation and is designed so it won't close accidentally and lock you out of the holster. This unique design accommodates popular under-barrel lights such as the TLR-1<sup>®</sup> and X300. Plus, the placement of the EPOCH Auto Lock release and an index finger indent reinforce a full master grip by allowing the shooter to draw the firearm with the index finger and thumb in proper alignment. The duty model includes BLACKHAWK!'s innovative Jacket Slot Duty Belt Loop, while the Tactical model comes on our proven drop-leg system with Y-harness suspension for an adjustable, even ride.

44E045BK-R

#### **Features & Benefits**

- EPOCH™ Auto Lock™ thumb release (patent pending)
