COYOTE TAN

The new Foundation Rifle Case features a utilitarian design that is made for customization. The exterior features a laser-cut grid and loop panel for attaching myriad accessories. More accessories can be attached to the padded interior, thanks to several rows of loop-lined MOLLE webbing. Four movable hook-and-loop straps secure the firearm. The reinforced, padded compartment protects the firearms during transit and resists dust and debris when open. Solid firearm protection starts with the Foundation Rifle Case. Available in three sizes.

- **INTUITIVE**- Integrated sleeve ideal for storing cleaning rods.
- **TOUGH**- 500D nylon construction stands up to every environment.
- **DURABLE**- YKK® zippers , metal D-rings and padded carrying strap.
