GripBreak™ Leather Holster

The new GripBreak Leather Holster from BLACKHAWK![®] combines the beauty and comfort of premium drum-dyed Italian leather with the security of a locking retention system. The GripBreak's patented locking mechanism offers secure weapon retention, and the thumb release allows users to maintain a master grip and quick, smooth draw. Designed specifically for the needs of concealed carry and LE users, the GripBreak Leather Holster provides uncompromising performance and functional elegance.

Features & Benefits

- Constructed of premium drum-dyed Italian leather
- Inner injection-molded copolymer shell for added security and durability
- Patented automatic locking system secures firearm in place
- Fits belts up to 1.75" wide
- Sturdy injection-molded copolymer release guard
