BLACKHAWK!® UNDER THE RADAR™ COURIER BAG

Keep your electronics safe from prying eyes with the BLACKHAWK! Under the Radar bags. Even when powered down and turned off, devices emit a slight electronic pulse that can be identified by thieves using sophisticated detection devices. This allows them to hone in on your valuable electronics to either steal or access private information. Designed to block these electronic transmissions, Under the Radar removes your electronic signature and protects your data and your gadgets.

Features & Benefits:

- Incorporates Zero Trace® signal blocking technology
- Protects electronic devices from remote exploitation by blocking incoming and outgoing signals
- Helps prevent tracking of devices
- Shields against unwanted reading of RFID technology found in U.S. passports, driver's licenses, IDs and credit cards
- Constructed of 1050 denier nylon
- Electromagnetic interior lining blocks incoming or outgoing signals with roughly 33dbm of attenuation
- Durable carry handle and removable padded shoulder strap
- Metal drain hole in main compartment
- Four rows of S.T.R.I.K.E.® webbing inside main compartment for attaching pouches or accessories
- Adjustable hook & loop closure flap with side-release buckles
- Electromagnetic-lined cell phone/utility pocket on front of closure flap
- Zipper on top of closure flap for quick access to interior of bag
- Zippered pocket under and on top of closure flap
- Two external stretch pockets (one per side)
- Large electromagnetic-lined interior pocket for electronic device
- Large zippered pocket on back with padding and loop liner for attaching hook-back pouches
- Dimensions: 15"L x 18"W x 5.5"D (total), 13"L x 18"W x 6"D (main compartment), 4.25"L x 5.75"W (cell phone/utility pocket), 12"L x 16"W (electronic device pocket)
- Weight: 2.40 lbs.
