

V3

MARKET RELEASE DATE:
FEBRUARY 2017

TECHNOLOGY

WATERPROOF

BREATHABLE

ANTIMICROBIAL

The BLACKHAWK!® V3 boot's quality construction starts from the ground up with an elite, aggressive Vibram® outsole that maximizes traction. An OrthoLite® Insole cushions the foot, and can be removed and washed when needed. A HydroGuard™ + Breathe Right™ moisture-wicking membrane is both waterproof and breathable. The V3 goes on and off easily with the NATO Lace System. Plus there's room to store small gear, such as a knife, in the Lycra® Lateral Pocket.

- **WATERPROOF-** HydroGuard™ + Breathe Right™ moisture-wicking membrane creates a waterproof, yet breathable, barrier.
- **ORTHOLITE® INSOLE-** Provides comfort and support, and is removable and washable.
- **VIBRAM® RUBBER OUTSOLE-** An elite rubber compound outsole made to the highest standards.
