Target & Plinking

Clean-22 Realtree

Concealment meets clean. New CCI® Clean-22® Realtree® bottles hold 400 rounds, and their exclusive green, tan and black polymer bullet coating greatly reduces copper and lead fouling in the barrel. The coating doesn't leave a residue and cuts lead buildup in suppressors 60 to 80 percent. The 40-grain round nose lead bullet's geometry has been optimized for accuracy and is ideal for both targets and small game.

Features & Benefits

- New 400-round bottle with Realtree Edge™ camouflage
- Polymer bullet coating greatly reduces lead fouling in the barrel without leaving residue
- Cuts lead buildup in suppressors 60 to 80 percent
- 40-grain tan, green and black lead round nose bullets
- Optimized bullet geometry for improved accuracy
- High-velocity loading and reliable function in semi-automatic firearms
