EYES & EARS

Bella Ballistica™ Women's Shooting Glasses

Finally, women shooters can now get safe, dependable eyesight protection with a real sense of style. The new Champion[®] Bella Ballistica™ ballistic-grade shooting glasses passed MIL-PRF-31013 ballistic resistance testing and meet ANSI Z87+ high-velocity requirements with the same chic designer-label look found in fashion sunglasses around the world. Designed specifically for shooters, these lenses reduce glare and enhance target image sharpness. They can even double as everyday sunglasses with 99.9% UVA/UVB protection, and are made to last with hard-coated, scratch-resistant polycarbonate lenses.
