

2022 NEW PRODUCTS Training Handgun

American Eagle 30 Super Carry

Train hard with the most significant cartridge release in generations. American Eagle®, loaded in Federal® Ammunition’s all-new 30 Super Carry cartridge, provides an extremely similar feel and point of impact as its HST® counterpart for extremely effective training. The cartridge itself provides the power of the 9mm Luger with comparable felt recoil. The .312-inch diameter projectile carries the same energy as 9mm Luger at the muzzle, with better ballistics than 380 Auto. It can be chambered in smaller, easier to conceal handguns while still offering more magazine capacity than 9mm Luger.
