

GOLD MEDAL PAPER FITASC

Connect with the long-range targets of FITASC competition while getting the feel and performance of Gold Medal® Paper shotshells. These new offerings feature a 28-gram payload that's optimized for international competition. Like all Gold Medal Grand Paper loads, they feature a high-quality brass head, harder shot, and two-piece SoftCell™ wad design that reduces felt recoil and improves patterns.

FEATURES & BENEFITS

- New 28-gram FITASC load for international competition
- Exclusive Federal Premium® paper hull design
- Two-piece wad utilizes SoftCell technology to decrease perceived recoil and produce more uniform patterns than one-piece designs
- Brass head ensures flawless cycling and extraction
- Lead shot is engineered for the optimum blend of hardness and density for even patterns and maximum downrange power
