

## 2021 NEW PRODUCTS

### Personal Defense Handgun

### Punch

Deliver a knockout blow with the powerful 10mm Auto—the newest addition to the Punch™ centerfire handgun line. The 200-grain bullet is pushed at 1,100 fps, allowing the skived bullet jacket and soft lead core to produce the best expansion and penetration in its class. Like all Punch loads, the nickel-plated brass and sealed primer deliver reliable feeding and ignition.

### Features & Benefits

- Now available in 10mm Auto
- 200-grain bullet pushed at 1,100 fps
- Jacketed hollow-point bullet design provides a balanced mix of effective penetration and expansion
- Out-performs competitor rounds
- Nickel-plated brass case with primer seal
