- 6.5-300 WBY Group D Die Set
- .30 Nosler FL Die Set
- .30 Nosler Neck Sizer

DIE SETS

This two-die set is intended for reloading the 6.5-300 Weatherby and 30 Nosler, and consists of a Full-Length Sizer Die with an Expander-Decapping Unit, and a Seater Die with Bullet Seater Plug. The Full-Length Sizer Die brings the case to SAAMI minimum cartridge dimensions. It sizes the outside of the case, de-primers and expands the neck to accept the bullet. The die has vents to prevent case damage caused by trapped air and excessive lubricant. Headspace is held to minimum tolerances to avoid changing the case body length during full-length sizing. The included Seater Die has a built-in roll crimper to simultaneously secure and seat the bullet.

SKU	DESCRIPTION	UPC	MSRP	MARKET RELEASE DATE
