

# RCBS®

PRECISIONEERED RELOADING

## PRO CHUCKER TUBE CASE FEEDER

The Pro Chucker Tube Case Feeder installs on the RCBS Pro Chucker 5 or Pro Chucker 7 progressive press, converting it to an automated case feed for both Bottleneck and Straight Wall cases and can increase output by more than 25 percent. The model 88915 Tube Case Feeder includes a medium feed tube that accommodates 80 percent of the Pro Chucker case fits.

## PRO CHUCKER SMALL & LARGE TUBES

The addition of the model 88916 SM/LG Feed Tubes allows the user to automatically feed cases for all Pro Chucker Shell Plate fits – but the user must have the 88915 to use the 88916. Other powered case collators and feeders can be adapted to feed the RCBS Pro Chucker Tube Case Feeder.

The product comes with a Limited Lifetime Warranty.
