

32 H&R MAGNUM

Offered by Remington Ammunition for the first time, two new 32 H&R Magnum loads are now available. High Terminal Performance (HTP) Handgun makes your shot count when it matters the most – 32 H&R Mag's 85-grain jacketed hollow point bullet is ideal for personal defense, concealed carry or small game and predator handgun hunting.

Performance Wheelgun brings all the advantages of modern ammunition technology and performance to classic handgun and revolver cartridges. Now available for the first time in 32 H&R Mag, offered in a 95-grain semi wad cutter hollow point. Let your wheelgun run!

FEATURES

- Substantially more performance than other .32 caliber cartridges
- Higher velocity offering a flat trajectory
- Lightweight bullet provides lower recoil
- Available in classic Performance Wheelgun
- Available in HTP Handgun – ideal for personal defense or hunting
