

GOLDEN SABER BONDED

Golden Saber® – A name trusted for decades in the law enforcement community is available to you as a defensive round for when it matters most. Revolutionary barrier-penetration capacity combined with Remington’s special bonded-bullet design ensures optimal performance and expansion when stopping a threat. Made-grade accuracy at common defensive ranges and carefully loaded to exacting standards, Golden Saber Bonded is Remington’s highest quality defensive handgun round. Newly available in 10MM Auto in 2022.

FEATURES

- Trusted as the carry-round for top law enforcement agencies nationwide
- Lead core hot-bonded to brass jacket – An exclusive Remington process
- Jacket stiffness and wall thickness optimized to eliminate over-expansion
- Exceptional weight retention up to 97%, even though barriers like auto glass
- Reduced bullet nose diameter for precise bore alignment, producing top-tier accuracy
- Premier-quality reliable primers, low-flash propellants, and nickel-plated cases for smooth feeding & extraction
- Available in 357 SIG, 9MM Luger, 40 S&W, 45 AUTO and **NEW 10MM AUTO**
