KASPA™ Compact Binoculars

Weaver's newest KASPA™ binoculars feature a compact size and small price tag but are big on features. Perfect for hunting, bird watching, sporting events or any other outdoor activity, KASPA binoculars are ergonomically crafted for easy handling and extended viewing. Fully multi-coated lenses deliver bright, clear images while the open-hinge and twist-out eyecups combine for user comfort. The new compact models come in 8x34mm and 10x34mm configurations with a roof prism design that creates a small package that is perfect for turkey vests, tree stand hunting and backpacking.

Features & Benefits

- Open-hinge design for comfortable viewing
- Roof prism design for optimal performance in a compact package
- Fully multi-coated lenses for excellent clarity and vivid images
- Purged nitrogen filled tubes eliminates internal fogging
- Shockproof, waterproof and fogproof
